To Who It May Concern,

This is Xiang Chen from George Mason University, the Assistant Professor of the department of Electrical and Computer Engineering, Nguyen Engineering School. I am writing this letter to support my student Zhuwei Qin, to apply the Young Student Fellow Award of the A. Richard Newton Young Student Fellow Program of the 54th Design Automation Conference (DAC).

Zhuwei is the first year Ph.D. student of GMU computer engineering program and working on Design Automation research area. He will be greatly benefited by attending 54th DAC by attending the technical sessions and meeting prestigious professionals. I will commit to help his transportation and lodging once his application of Young Student Fellow Award is approved.

Your kind helps and considerations are highly appreciated.

Best regards,

Xiang Chen

PhD., Assistant Professor
